### Scrip dividends

Following the approval by shareholders of the introduction of a Scrip Dividend scheme at a General Meeting on 14 December 2009, the Company offers shareholders the option to participate in a Scrip – an issue of shares available to shareholders that replaces a cash dividend payment. Shareholders have the option to forgo their cash dividend for the share alternative. Details of the scheme and the required mandate forms for participation are available in the Investor section of [www.landsecurities.com](http://www.landsecurities.com) or, alternatively, please contact:

### REIT dividend payments

As a UK REIT, the Company is exempted from corporation tax on rental income and gains on its property rental business but is required to pay Property Income Distributions (PIDs). UK shareholders will generally be taxed on PIDs received at their full marginal tax rates. However, should a shareholder opt to receive their dividend as shares (in the form of a Scrip) instead of cash then this form of dividend would not currently be treated as a PID and would be subject to tax on the cash equivalent of the Scrip as though it were an ordinary UK dividend. For those shareholders who do not opt to receive shares but instead continue to receive a cash dividend, the Company currently expects that the cash dividend will be paid entirely as a PID.

For most shareholders, PIDs will be paid after deducting withholding tax at the basic rate. However, certain categories of shareholder are entitled to receive PIDs without withholding tax, principally UK resident companies, UK public bodies, UK pension funds and managers of ISAs, PEPs and Child Trust Funds. A detailed note on the tax consequences for shareholders and forms to enable certain classes of shareholder to claim exemption from withholding tax are available in the 'Investor' area [www.landsecurities.com](http://www.landsecurities.com)

### Balance of business tests

REIT legislation specifies conditions in relation to the type of business a REIT may conduct, which the Group is required to meet in order to retain its REIT status. In summary, at least 75% of the Group's profits must be derived from REIT qualifying activities (the 75% profits test) and 75% of the Group's assets must be employed in REIT qualifying activities (the 75% assets test). Qualifying activities means a property rental business. For the result of these tests for the Group for the financial year, and at the balance sheet date, see [Table 83](#).

### Payment of dividends

Shareholders whose dividends are not currently paid to mandated accounts may wish to consider having their dividends paid directly into their bank or building society account. This has a number of advantages, including the crediting of cleared funds into the nominated account on the dividend payment date. If shareholders would like their future dividends to be paid in this way, they should complete a mandate instruction available from the investor section [www.landsecurities.com](http://www.landsecurities.com) and return it to the registrars. Under this arrangement tax vouchers are sent to the shareholder's registered address.

### Dividends for shareholders resident outside the UK

Instead of waiting for a sterling cheque to arrive by mail, you can ask us to send your dividends direct to your bank account. This is a service our Registrar can arrange in over 30 different countries worldwide and it normally costs less than paying in a sterling cheque. For more information contact the Company's Registrar, Equiniti, on +44 (0)121 415 7047 or download an application form online [www.shareview.co.uk](http://www.shareview.co.uk) or by writing to our Registrars at the address given.
